SMILE VOCATIONAL & EDUCATIONAL CENTRE FOR DISABLED

Report of Mini Fair on 22nd March 2013

As a special event of the year 2013, Smile Vocational & Educational Centre for Disabled organized a Mini fair on 22nd March 2013 at the Smile Centre premises. The main aim was to familiarize the students with normal day to day life and give them practice in handling money. Most of the students participated and they bought food items, vegetables, fruits etc from home and sold them to the villagers.

It was a different experience for the children as it was our first event of this kind. All the students dressed traditional Sri Lankan costumes for the mini fair and here are some photos of it.
